NSE Indices launches Nifty Microcap 250 Index

Index tracks a portfolio of 250 stocks selected from the microcap segment

Mumbai: NSE's index services subsidiary, NSE Indices Limited today launched a new index – Nifty Microcap 250 index.

The Nifty Microcap 250 index aims to track the performance of microcap stocks listed or permitted to trade on NSE. The index includes the top 250 companies beyond the Nifty 500 index constituents, selected based on their average full market capitalization. A stock's weight in the Nifty Microcap 250 index is based on its free-float market capitalization.

The launch of Nifty Microcap 250 index provides increased coverage of NSE's listed universe beyond the existing Large, Mid and Small cap segments. Nifty Microcap 250 index will provide investors and researchers insights into how microcap stocks (stocks beyond the Nifty 500 constituents) are performing across time.

The base date for the index is April 01, 2005 and base value is 1000. Index reconstitution and rebalancing are both done on a semi-annual basis. The Index will be calculated on an end-of-day basis.
